

In 2011, Thom and James took an 18 mph Piaggio Ape van on a "Pizza Pilgrimage" to find Italy's finest pizza. 10 years of pizza obsession later and what you are eating today is a 48 hour, double fermented dough, topped with Italy's finest ingredients then

baked at 500c to give a light, chewy and charred crust. Just like in our favourite stop on the epic pilgrimage, Naples. Our partnership with Selfridges is our pledge and first major step in the direction of creating more sustainable pizzerias of the future.
